

Find out your Umi shoe size!

First print this sheet at 100%

Next check your page's scale
These lines should measure 5"

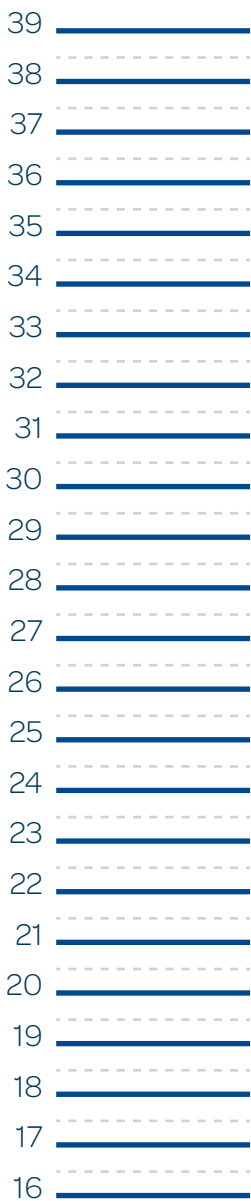

Then:

1. Line your child's heels up to the dashed lines at the bottom of the page.
2. Draw a line in front of your child's longest toe.
3. **Umi shoes are sized with room to grow.**
Pick the size closest to your child's measurement. If your child's feet measure halfway or less between sizes, then size down.
